OVERVIEW OF ACTIVITIES

EXECUTIVE SUMMARY

The Board of Directors held two meetings during the fiscal year. The year began July 1, 2018 and ended June 30, 2019. Emphasis was placed on supporting marketing and promotional activities and conducting research to assist in the betterment and development of Nebraska's grape and wine industry.

Board revenue originates from shipper license fees, crushed grape fees, and grape excise taxes. Revenue from these sources is remitted to the State Treasurer for credit to the Winery and Grape Producers Promotional Fund. As in previous years, the revenue over the past several years has enabled the board to fund several meaningful projects aimed at enhancing the competitiveness of Nebraska's grape and wine industry. Priority funding was given to marketing and research projects targeted at increasing the sales and production of Nebraska grapes and/or wines. The projects approved for funding totaled \$97,716; \$84,111.13 of this amount was submitted to the Nebraska Department of Agriculture (NDA) for reimbursement. For a complete list of all projects, and their respective amounts, please refer to the fiscal report found in this report.

Promotion of Nebraska's grape and wine industry continues to be a primary goal of the board. The board helps the grape and wine industry in becoming a strong and important part of Nebraska's thriving economy. They stay abreast of recent legislation affecting Nebraska's grape and wine industry, support Nebraska Winery and Grape Growers Association (NWGGA) activities, and work closely with the University of Nebraska – Lincoln to receive guidance and education based upon industry research.

This Annual Report includes the board's strategic plan, meeting minutes, 2018-2019 fiscal report, contracts, statutes, and other documents pertaining to board matters. Documents and information pertinent to the board's functions and history can also be found at http://www.grapeandwineryboard.nebraska.gov.

Nebraska Grape and Winery Board Strategic Plan

Introduction and Process

This Strategic Plan marks the second plan developed by the Nebraska Grape and Winery Board (NGWB) since its inception in 2000. The Board of Directors, in collaboration with the Nebraska Department of Agriculture, developed this Strategic Plan. It provides the NGWB with a three to five year road map, guiding the board's decision and prioritization of issues upon which to focus efforts and resources. This Plan is intended to be a living, dynamic document subject to change or modification with new and/or additional input and the evolution of the industry and, thus, the board's vision. The board will review progress and update the plan annually or as needed. It is the intention of the board to, on an annual basis, identify priority items, actions, or objectives from each of the sections of this Strategic Plan to formulate the board's "Business Plan" for the year. This annual plan becomes the roadmap to guide and focus the board's efforts in the development of annual goals for implementation.

Structure

The board began by revisiting and reaffirming their belief in the Mission of the NGWB, which was first developed in the 2010 Strategic Planning process.

The Mission is followed by major areas of emphasis (Goals), which the board has identified. When it comes to prioritization, all five of these Goals are concurrently considered with equal and continuous focus of this board. However, when it involves board- funding allocation, the board has committed to Goal #1 as its highest priority. Additionally, each goal contains one or more specific action items or objectives. It was determined by the board that these objectives would not be prioritized. Instead, these objectives will be reviewed annually and potentially expanded upon to be considered in the board's annual prioritization process.

This document is not intended to be a stand-alone document nor is it a one-time effort. Once action strategies have been developed and implemented, commitment will be maintained, progress monitored, and adjustments made until the objectives have been reached. This plan demonstrates the commitment that is needed to provide an excellent standard of programs and budget allocations designed to continuously meet the needs of the industry.

Finally, this document functions within the greater context of additional entities and initiatives that impact the Nebraska grape and wine industry. This framework may be reflected in future Appendices attached to this document. Examples include, but are not limited to, the Nebraska Winery and Grape Growers Association's (NWGGA) Strategic Plan (2016), the most recent Industry Economic Impact Study (2015), and the Nebraska Grape Growers Survey.

Mission

The NGWB's Mission statement is to work collaboratively towards a profitable, sustainable future that advances the interests of Nebraska's grape and wine industry through advocacy and education.

The purpose of the NGWB is to further the growth and economic development of the grape-growing and winemaking industry in the state of Nebraska to a maximum level as supported by the favorable soil and climatic conditions existing in Nebraska and to satisfy the market demand for grapes and wine inside and outside of Nebraska. The end objective is to create an economically viable value-added alternative farm crop and wine industry in Nebraska that will enhance the economic condition of the farm industry and the state of Nebraska.

The duties and responsibilities of the NGWB include, but are not limited to, the following:

- Establish a public forum whereby any producer of wine, grapes, or other wineproducing agricultural products has the opportunity, at least once annually, to discuss with the board its policy and procedures;
- Keep minutes of its meetings and other books and records which will clearly reflect all of the acts and transactions of the board and to make these records available for examination upon request by members of the public;
- c. Authorize and approve the Department of Agriculture's (NDA) expenditure of funds collected pursuant to section 53-304;
- d. Serve as an advisory panel to the Nebraska Liquor Control Commission in all matters pertaining to the wine industry; and
- e. Adopt and promulgate rules and regulations to carry out sections 53-301 to 53-305.

Board Goals

I. Industry leadership/management

Several goals of this Strategic Plan are dependent upon a strong collaborative relationship between the NGWB and the "action arm" of the state industry. This includes the NWGGA, which is the association that exclusively represents the Nebraska wine and grape industry. The accomplishment of these goals is not feasible without the continuity and consistency of vision across years of changing leadership of the state's industry. Supporting and funding NWGGA's Executive Director position is the board's highest priority.

II. Promotion of Nebraska wines

Promotion aims to establish a significant and differentiated presence in the market that attracts and retains loyal customers. It is the process involved in creating a unique name and image for a product in the consumer's mind, mainly through advertising campaigns with a consistent theme. This is accomplished by raising the

Nebraska wine industry, and, thus, Nebraska wines, to a level of becoming knowable, likable and trustable.

Objectives:

 Increasing the Marketability, Awareness and Accessibility of Nebraska Grapes and Wines

Strategies:

- a. Serve as an advocate for the industry.
- b. Develop brand recognition for Nebraska wines.
- c. Cooperation with the NWGGA to conduct intensive marketing strategies to promote the quality and value of Nebraska wines.
- 2. Encourage Wine Tourism
 - a. Encourage wine related tourism developments by working with the Nebraska Tourism Commission.

III. Sustainability

This goal is all about assuring the capacity of the grape and wine industry to remain vibrant and robust through the enology and viticulture components. Sustainable development of the industry is "development that meets the needs of the present without compromising the ability of future generations to meet their own needs" (UN World Commission on Environment and Development, 1987). Sustainability in the vineyard encompasses a whole host of topics including, but not limited to, cold climate grape cultivars, plant science, soil type, soil amendments, pest and weed control, irrigation, trade enhancements, food safety, best management practices, crop research, and conservation methods. Sustainability also pertains to wine quality. Winemakers will tell you that outstanding wine is made on the vine. However, when it comes to getting the "wine into your glass, it's all about the winery" (Borg, 2013).

Objectives:

1. Enhancing the Quality of Wines

Strategies:

- Implement measures aimed at building a strong, vibrant industry that includes the production of world-class wines made from world-class grapes.
- Develop a Quality Assurance process based on industry standards to identify quality wine, improve winemaking practices and continue to raise the quality of wine across the entire state industry.
- Identify exceptional wines to create awareness of the quality of Nebraska wines with consumers while promoting the best of the Nebraska wine industry.
- d. Support education opportunities to improve winemaking skills and processes.

2. Enhancing the Quality of Grapes

Strategies:

- a. Address threats to the grape growing industry (e.g., herbicide drift, resistant pesticides, climate conditions, etc.).
- b. Support education opportunities to improve cold climate cultivar selection, growing techniques, and management practices.
- c. Identify cost-effective strategies to improve the value/benefits of Nebraska grapes and wines.
- d. Survey growers and winemakers to determine which grapevine cultivars appear to be most profitable and successful.
- e. Determine hardy grape cultivars adaptive to Nebraska's soils and climate extremes.
- 3. Education: Promote the creation and discovery of new production practices by funding various projects and activities.
 - a. Attend educational conferences.
 - b. Fund research projects.
 - c. Disseminate research findings to the public.
 - d. Support and partially fund grower field day and conferences.
 - e. Solicit and fund proposals to enable industry partners to enhance programs and the industry.
 - f. Continue as an active partner with the NWGGA, which works to develop and organize the annual Association Education Conference.
- 4. Develop a culture of continuous improvement:
 - a. Engage the board to develop and annually review and renew the Strategic Plan every three years (or more frequently as needed).
 - b. Gain industry feedback and advice and identify areas for constructive improvement.
 - c. Analyze other state-based farmer organizations and non-profit membership associations.
- IV. Maintaining Financial Viability and Revenue of the Grape and Winery Board

Crushed juice fees, grape excise taxes, and shipper license fees are the three primary sources from which the board obtains its revenue. For administrative purposes, these funds are located in NDA. All revenue credited to the fund pursuant to the charge imposed by this section and excise taxes collected pursuant to section 2-5603 and any funds received as gifts, grants, or bequests and credited to the fund is used by NDA at the direction of and in cooperation with the board, to develop and maintain programs for the research and advancement of the growing, selling, marketing, and promotion of grapes, fruits, berries, honey, and other agricultural products and their byproducts grown and produced in Nebraska for use in the wine industry. Such expenditures may include, but are not limited to, all necessary funding for the employment of experts in the fields of viticulture and enology, as deemed necessary by the board, and programs aimed at improving the promotion of all varieties of wines, grapes, fruits, berries, honey, and other agricultural products and their byproducts grown and produced in Nebraska for use in the wine industry.

Funds credited to the fund shall be used for no other purposes than those stated in this section and any transfers authorized pursuant to section 2-5604. Any funds not expended during a fiscal year may be maintained in the fund for distribution or expenditure during subsequent fiscal years. Any money in the fund available for investment shall be invested by the state investment officer pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act.

The responsibilities of the board have increased largely due in part to the number of projects funded each year. In an effort to enhance the accountability and reporting requirements of board-funded projects, the board allocates money to pay the salary of a part-time clerical assistant to assist with board duties. This individual is under the direction of the NDA.

Objective:

1. Investigate and implement programs utilizing diversified funding sources that continue to build and grow Nebraska's grape and wine industry.

Strategies:

- a. Develop a financial plan.
- b. Formalize, enhance and evaluate board-funded projects from one year to the next.
- Review income performance on a monthly basis and develop a strategy to enhance financial relationships and secure board revenue.
- d. Review existing financial processes and identify new and improved approaches to identify and explore cost savings.
- e. Prepare and position NGWB to fund ideas towards new research and different marketing strategies that will benefit the entire grape and wine industry, in general, and not a particular business venture.
- f. Expend approximately 70 percent of NGWB annual revenue on meaningful projects aimed at improving grape and wine research and promoting the entire industry.
- g. Collect and compile final reports in a timely manner from board-funded projects.
- h. Evaluate the efficacy of final reports as to how they relate to the Strategic Plan.

V. Collaboration/Communication

Today, global success is won not by firms acting alone, but by partnerships that promote joint planning, information sharing, open communication, collaboration and cooperation. A central challenge for the Nebraska wine industry is to continue cooperation and financial support to the NWGGA, which has been a pillar of strength for Nebraska's grape and wine industry. This partnership entails balancing individual mandates with the opportunities for promotion and research. This goal involves the board advocating for the industry, with entities both within the industry and those external to the industry.

Objectives:

- Encouraging Wine Tourism
 - a. Encourage wine related tourism developments by working with the Nebraska Tourism Commission and the NWGGA.
- 2. Stay abreast of recent legislation and recent developments affecting Nebraska's grape and wine industry.
 - a. Maintain, increase and improve relationships with local, state, and federal lawmakers.
- 3. Maintain and increase NGWB agricultural partnerships
 - a. Define industry needs and develop cost-effective strategies to improve value/benefits across all members.
 - b. Survey, evaluate, and develop a database of Nebraska grape growers and wineries.
 - Establish, maintain and update a list recording the total grape acreage and number of vines (variety specific) planted in Nebraska.
 - d. Engage into close working relationships with NDA, UNL, NWGGA and other entities or organizations that impact Nebraska's agricultural industry, (grape and wine industry in particular).

4. Advocacy

- a. Increase awareness of the Nebraska grape/wine industry with entities both within the industry and those external to the industry.
- b. Monitor and review the efficacy of the NGWB website on a monthly basis.
- 5. Make and publish an annual report on or before January 1 of each year, which sets forth, in detail, several items:
 - a. The name and address of each board member and a copy of all rules and regulations adopted and promulgated by the board.
 - b. A detailed explanation of all programs for which the board approved funding that fiscal year, pursuant to section 53-304, for the research, discovery, promotion, and development of programs for the growing, production and marketing of Nebraska wines, grapes,, fruits, berries, honey and other agricultural product and their byproducts grown and produced in Nebraska for use in the wine industry.
 - c. Present the report to the Nebraska Liquor Control Commission within 30 days after its publication and made available also to any persons who request a copy.

Monitor and Update the Plan

This strategic framework is a plan of optimism and opportunity for all stakeholders in the industry, and is grounded in the realities facing the industry today. It identifies how the grape and wine industry can maximize long-term profitable growth in the industry, reinvent consumer's total experience with Nebraska wines, and increase tourism. The success of this plan hinges on industry partners embracing and sharing this vision and transforming the above strategies into key deliverables.

Consequently, each participant in the vision must assume responsibility, which includes assigning the resources needed to fulfill the promise that is shared by this board. Nebraska wines are a source of passion and pride, and perhaps the most important indicator of success is positive feedback from grape growers, wineries, scientists, and wine enthusiasts. Positive feedback from consumers and the growing reputation of Nebraska wines is sure to soar the industry to new heights.

This strategic framework provides the foundation stones for achieving long-term profitable growth. This document is subject to change with new and/or additional input. Commitment will be maintained, progress will be monitored, and adjustments will be made until the objectives are reached.

The Board's Commitment

The appointed leaders of the NGWB agree to the above stated principles and actions to accomplish the objective of keeping the industry strong, vibrant, and productive. The board accepts these responsibilities and roles of proactive leaders with a common goal and vision to secure the future of the board. All five board members and the two ex-officio members have a copy of this plan. Copies are also available to industry stakeholders, upon request.

Conclusion

The grape and wine industry in Nebraska is poised for greatness. The destination is clear. People at every level in the industry including growers, winemakers, academia, government, and marketers have assembled together ready to adapt this focused plan with the concerted, cooperative action needed to win a prosperous future for Nebraska wines.

University of Nebraska – Lincoln			Paul Read	
Paul Read provided an update regarding	UNL's viticulture projects.			
UNL received funding for a couple of USDA Specialty Crop Block Grant Program projects in 2016. The first is a study to replace herbicides with ground covers in a vineyard and the second is to grow table grapes in high tunnels by controlling climate variability. FY 2018 SCBGP funds were also awarded to UNL to graft rootstock to delay spring bud break on Nebraska wine grapes. Ben Loseke is working these projects, and he recently received his PhD. UNL is also studying hail research and looking at vineyards that have been hit with hail. Focus				
has been on hail netting, fruit quality, and light transmission.				
Additional research has been focused on trunk disease. Harvested cuttings are studied using 8 – 10 different varieties with 6 vines per replication. Also, grape vine canopy research at UNL's East Campus vineyard is continuing.				
Nebraska Winery and Grape Growers Association	1		Lori Paulsen	
Lori Paulsen provided an update of Nebraska Grape and Winery Growers Association activities. Vindemia was a success. Attendance consisted of new and potential growers and wineries, which was very encouraging. Two new wineries has opened with 1 more on the way. Some speakers received reimbursement funding from NWGGA via the Nebraska Grape and Winery Board. Evaluations will be carefully reviewed to see what worked well and what changes should be made for next year's conference. Toast Nebraska will be held May 17 & 18, 2019 at Vala's Pumpkin Patch. It was reported that 152 tickets were sold for Toast Nebraska. It is anticipated that 4,000 participants will attend. The event is sponsored in part by board funds and Pinnacle Bank. The next Wine America Meeting is in Texas next week. Lori and Max plan on attending. NWGGA's Marketing Plan consists of industry brochures, Passport prizes, a photo/video library, website updates, and development of a presence on Twitter Instagram, and Facebook. <i>Pure Nebraska</i> is a television magazine that focuses on agriculture. NWGGA has an interview				
scheduled on <i>Pure Nebraska</i> in the near Nebraska Department of Agriculture			Casev Foster	

Casey gave a report on activities he is working on that impact the Nebraska Grape and Wine industry.

The Food Safety Modernization Act's (FSMA) Produce Safety Rule (PSR) continues to gain momentum nationwide and NDA is making a strong and concerted effort to roll out the program in Nebraska. The goal is not to just contain food-borne outbreaks, but prevent them from occurring in the first place. The PSR focuses on science-based minimum standards for safe production and harvesting of fruits and vegetables grown for human consumption. Depending upon a farm's size, growers will either be exempt, qualified exempt, or covered under the rule. Compliance dates vary depending upon farm size.

"Covered" means that the farm growing the produce will need to adopt the PSR. To determine whether a farm is exempt, qualified exempt, or covered by this rule, growers are encouraged to complete the Produce Grower Inventory Questionnaire on the Nebraska Department's website at www.nda.nebraska.gov/producesafety/produce-grower-inventory.pdf and are strongly encouraged to attend a Produce Safety Alliance training. The next training will be held November 9, 2018 in Grand Island. Cost to attend is \$15.

Under certain conditions, the PSR provides an exemption for produce that receives commercial processing that adequately reduces the presence of microorganisms of public health significance. For example, if you are a grower who sells all of your grapes to a winery, you would be exempt from this rule. However, you would need to receive annual written assurances from the winery that explains how your grapes will be processed. The winery must disclose in documents that it has established and is following procedures that adequately reduces the presence of microorganisms of public health significance. Similarly, you must disclose in your documents accompanying the produce that the food is not processed to adequately reduce the presence of microorganisms of public health significance.

NDA is conducting On Farm Readiness Reviews beginning this year. These are only available to growers who are covered under the rule. During an OFRR, NDA staff visits a farm to review current farm practices, answer questions, and help growers prepare for a future produce safety inspection. The visit is voluntary and manuals and educational materials are provided to the grower.

The PSR is a federal law. Therefore, growers who are covered under the rule will receive a farm inspection on a periodic basis to ensure the farm remains in compliance with the law. NDA's inspectors will perform the inspections. In June, NDA staff will attend an inspection training.

NDA will be rolling out the 2019 Specialty Crop Block Grant Program documents early next year so watch for information regarding this program. In the last funding round, over \$696,000 was allocated to projects designed to solely increase the competitiveness of specialty crops.

Public Comments – Activity updates from UN	Person Reporting	
Nebraska Winery and Grape Growers Association		Lori Paulsen

Lori Paulsen provided an update of the Nebraska Grape and Winery Growers Association activities.

The NWGGA marketing committee has completed the 2018 Passports Program. The year-end spending was \$45,000. With changes in prizes, they have seen fewer passports returned; however, more were handed out and likely used to guide them to the wineries. The committee is working with Maly Marketing on research to help guide the next marketing steps for the future as they work to implement the marketing plan that was shared at the November meeting. The committee is also using \$10,000 of their budget for Toast TV ads.

The Industry Professional Development year-end spending came in at approximately \$2,900. These funds have been used to provide for the NWGGA Executive Director to travel to both the fall Wine America Meeting and the Spring Wine America meeting. Both of these meetings are complete. Lori Paulsen sits on the Wine America Board of Directors as Chair of SRAAC.

The Toast Nebraska event is complete for 2019. This year's event was held at Vala's Pumpkin Patch on May 17-18. Approximately \$20,000 of board funds were allocated to NWGGA for Toast Nebraska, which was used to pay for the deposit of the space as well as advertising for the event. There were 17 participating wineries and 2,000 attendees. A large capacity from Omaha made up the event, which was new and great to see. Many wineries ran out of wine, which is the goal. The Toast committee will meet May 29 to discuss the event.

The funds of \$20,000 were utilized to pay for the travel expenses and stipends for the speakers at the 2018 Vindemia, which was held October 22-23 in Nebraska City.

The education funds of \$16,500 will be used to pay for the June 2 Viticulture Field Day.

Lori will send more completed reports by the July deadline to give the board a better estimate on numbers.

Ben Loseke & Steve Gamet

Ben Loseke and Steve Gamet provided an update regarding UNL's viticulture projects.

UNL's Hail Damage Prevention study is underway in Arapahoe. Based on observation done up to this point, UNL will embark upon studies in a commercial vineyard to determine the efficacy of a special netting system to prevent hail damage.

UNL has a field day coming up on June 20. This field day will revisit Botryosphaeria dieback (BOT). The goal of these field days is to bring awareness of this trunk disease at a statewide level.

The High Tunnels project is on its third and final year of research. Ben reported on the benefits of using high tunnels such as providing a longer growing season, reduction of disease and insect control.

Discussion between the board and UNL was the rest of the state. Ben shared that after the the newspaper. A retailer who receives a license pursuant to this subsection shall pay the fee required in sections 53-124 and 53-124.01 for a retail direct sales shipping license. Such fee shall be collected by the commission and remitted to the State Treasurer for credit to the Winery and Grape Producers Promotional Fund.

- (6) The application for a shipping license under subsection (2) or (3) of this section shall be in such form as the commission prescribes. The application shall contain all provisions the commission deems proper and necessary to effectuate the purpose of any section of the act and the rules and regulations of the commission that apply to manufacturers and shall include, but not be limited to, provisions that the applicant, in consideration of the issuance of such shipping license, agrees:
 - To comply with and be bound by section sections 53-162 and 53164.01 in making and filing reports, paying taxes, penalties, and interest, and keeping records;
 - b. To permit and be subject to all of the powers granted by section 53164.01 to the commission or its duly authorized employees or agents for inspection and examination of the applicant's premises and records and to pay the actual expenses, excluding salary, reasonably attributable to such inspections and examinations made by duly authorized employees of the commission if within the United States; and
 - c. That if the applicant violates any of the provisions of the application or the license, any section of the act, or any of the rules and regulations of the commission that apply to manufacturers, the commission may revoke or suspend, cancel, or revoke such shipping license for such period of time as it may determine.
- (7) The application for a shipping license under subsection (4) or (5) of this section shall be in such form as the commission prescribes. The application shall require an applicant which is a manufacturer, a craft brewery, a craft distillery, or a farm winery to identify the brands of alcoholic liquor that the applicant is requesting the authority to ship either into or within Nebraska. For all applicants, unless otherwise provided in this section, the application shall contain all provisions the commission deems proper and necessary to effectuate the purpose of any section of the act and the rules and regulations of the commission that apply to manufacturers or retailers and shall include, but not be limited to, provisions that the applicant, in consideration of the issuance of such shipping license, agrees:
 - To comply with and be bound by sections 53-162 and 53-164.01 in making and filing reports, paying taxes, penalties, and interest, and keeping records;
 - b. To permit and be subject to all of the powers granted by section 53164.01 to the commission or its duly authorized employees or agents for inspection and examination of the applicant's premises and records and to pay the actual expenses, excluding salary, reasonably attributable to such inspections and examinations made by duly authorized employees of the commission if within the United States:

- c. That if the applicant violates any of the provisions of the application or the license, any section of the act, or any of the rules and regulations of the commission that apply to manufacturers or retailers, the commission may suspend, cancel, or revoke such shipping license for such period of time as it may determine;
- d. That the applicant agrees to notify the commission of any violations in the state in which he or she is domiciled and any violations of the direct shipping laws of any other states. Failure to notify the commission within thirty days after such a violation may result in a hearing before the commission pursuant to which the license may be suspended, canceled, or revoked; and
- e. That the applicant, if a manufacturer, craft brewery, craft distillery, or farm winery, agrees to notify any wholesaler licensed in Nebraska that has been authorized to distribute such brands that the application has been filed for a shipping license. The notice shall be in writing and in a form prescribed by the commission. The commission may adopt and promulgate rules and regulations as it reasonably deems necessary to implement this subdivision, including rules and regulations that permit the holder of a shipping license under this subdivision to amend the shipping license by, among other things, adding or deleting any brands of alcoholic liquor identified in the shipping license.
- (8) Any manufacturer or retailer who is granted a shipping license under subsection (4) or (5) of this section shall:
 - a. Only ship the brands of alcoholic liquor identified on the application;
 - b. Only ship alcoholic liquor that is owned by the holder of the shipping license;
 - Only ship alcoholic liquor that is properly registered with the Alcohol and Tobacco Tax and Trade Bureau of the United States Department of the Treasury;
 - d. Not ship any alcoholic liquor products that the manufacturers or wholesalers licensed in Nebraska have voluntarily agreed not to bring into Nebraska at the request of the commission;
 - e. Not ship more than nine liters of alcoholic liquor per month to any person in Nebraska to whom alcoholic beverages may be lawfully sold. All such sales and shipments shall be for personal consumption only and not for resale; and
 - f. Cause the direct shipment of alcoholic liquor to be by approved common carrier only. The commission shall adopt and promulgate rules and regulations pursuant to which common carriers may apply for approval to provide common carriage of alcoholic liquor shipped by a holder of a shipping license issued pursuant to subsection (4) or (5) of this section. The rules and regulations shall include

provisions that require (i) the recipient to demonstrate, upon delivery, that he or she is at least twenty-one years of age, (ii) the recipient to sign an electronic or paper form or other acknowledgement of receipt as approved by the commission, and (iii) the commission-approved common carrier to submit to the commission such information as the commission may prescribe. The commission-approved common carrier shall refuse delivery when the proposed recipient appears to be under the age of twenty-one years and refuses to present valid identification. All holders of shipping licenses shipping alcoholic liquor pursuant to this subdivision shall affix a conspicuous notice in sixteen-point type or larger to the outside of each package of alcoholic liquor shipped within or into the State of Nebraska, in a conspicuous location, stating: CONTAINS ALCOHOLIC BEVERAGES; SIGNATURE OF PERSON AT LEAST 21 YEARS OF AGE REQUIRED FOR DELIVERY. Any delivery of alcoholic beverages to a minor by a common carrier shall constitute a violation by the common carrier. The common carrier and the holder of the shipping license shall be liable only for their independent acts.

- (9) For purposes of sections 53-160, 77-2703, and 77-27,142, each shipment of alcoholic liquor by the holder of a shipping license under subsection (3), (4), or (5) of this section shall constitute a sale in Nebraska by establishing a nexus in the state. The holder of the shipping license shall collect all the taxes due to the State of Nebraska and any political subdivision and remit any excise taxes monthly to the commission and any sales taxes to the Department of Revenue.
- (10) By July 1, 2014, the commission shall report to the General Affairs Committee of the Legislature the number of shipping licenses issued for license years 2013-14 and 2014-15. The report shall be made electronically.
